SIGNIFICANT ACCOUNTING POLICY AND NOTES TO THE RESTATED SUMMARY STATEMENTS **ANNEXURE- 4**

A. BACKGROUND

The Company is a Private Limited Company having CIN:U45309KA2022PLC157463 incorporated on 03-02-2022 under the provisions of the Companies Act 2013, and having its registered office at No.12, 1st Floor, Near Ramana Maharshi Gyana Kendra, Next to New court, 'K' Block, Kuvempunagar, Mysore, Karnataka, India, 570023

The Company is presently engaged in offering its EPC services to Indian Railways, which is undergoing a massive development phase expected to continue for a minimum of 10 years. CORE4 also possesses expertise in water and wastewater treatment technology, emphasizing zero liquid discharge. The company is competent in carrying out Extra High Voltage (220KV/110KV/66KV/27KV/11KV) transmission and distribution work. Currently, it is executing projects for Karnataka State Power Transmission Company (KPTCL), Karnataka Urban Water Supply and Drainage Board (KUWSDB) and private manufacturing companies such as Kayens Technologies Ltd. Additionally, CORE4 has integrated manufacturing facilities for the design, construction and manufacture of HT/LT distribution panels, compact substations and SCADA-based automation panels. This capacity is a key factor enabling the company to deliver its HT/LT distribution project services in a faster and more reliable manner, ensuring time-bound execution. All panels are type-tested by the Central Power Research Institute (CPRI).

Significant Accounting Policies

Basis of preparation:

The restated statement of assets and liabilities of the Company as at June 30, 2026, March 31, 2026, March 31, 2025 and March 31, 2024, the restated statement of profits and loss for the period ended June 30, 2026, year ended March 31, 2026, March 31, 2025 and March 31, 2024 and cash flows for the period ended June 30, 2026, year ended March 31, 2026, March 31, 2025 and March 31, 2024 herein collectively referred to as ("Restated Financial Information") have been compiled by the management from the audited Financial Statements of the Company for the period ended on June 30, 2026, year ended March 31, 2026, March 31, 2025 and March 31, 2024 approved by the Board of Directors of the Company. Restated Financial Information have been prepared to comply in all material respects with the provisions of Part I of Chapter III of the Companies Act, 2013 ('the Act') read with Companies (Prospectus and Allotment of Securities) Rules, 2014, Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 ("ICDR Regulations") issued by Securities and Exchange Board of India ('SEBI') and Guidance note on Reports in Companies Prospectuses (Revised 2019) ("Guidance Note"). Restated financial information have been prepared specifically for inclusion in the Red Herring Prospectus ('RHP') to be filed by the Company with the SME platform of BSE Limited ('BSE SME') in connection with its proposed Small and Medium Enterprise Initial Pubic Offer ('SME IPO'). The Company's management has recast the Financial Statements in the form required by Schedule III of the Companies Act, 2013 for the purpose of restated financial information. The preparation and presentation of Financial Statements in conformity with the Indian GAAP, requires the management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of reporting period. Although these estimates are based on management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

The restated financial information has been prepared and presented under historical cost convention on the accrual basis of accounting in accordance with the Generally Accepted Accounting Principles in India ("GAAP") and comply with the mandatory Accounting Standards ("AS") specified under section 133 of the Companies Act 2013, read with Rule 7 of the Companies(Accounts) Rules,2014 and the relevant provisions of the Companies Act 2013 ('the Act'). The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year. The company is normally viewed as a going concern, that is, as continuing in operation for the foreseeable future. It is assumed that the enterprise has neither the intention nor the necessity of liquidation or of curtailing materially the scale of the operations. The restated financial information are presented in Indian National Rupee (INR) & all the amounts included in the restated financial information have been rounded off to the nearest lakhs, as required by General instructions for preparation of Financial Statements in Division I of Schedule III of the Companies Act, 2013, except number of shares, face value of shares, earning per shares, or wherever otherwise stated. Accounting policies not specifically referred to otherwise are consistent and in consonance with generally accepted accounting principles in India. All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has determined its operating cycle as twelve months for the purpose of current – non-current classification of assets and liabilities. The restated financial information has been prepared by the management to comply in all material respects with the requirements of:

a) Section 26 of Part I of Chapter III of the Act, 2013;

b) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended ("ICDR Regulations"); and

c) The Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India (ICAI), as amended (the "Guidance Note").

Basis of consolidation:

The consolidated financial statements of the Group includes the financial statements of the parent company, its wholly owned subsidiary, and its joint ventures.

The wholly owned subsidiary is consolidated using the line-by-line consolidation method, whereby 100% of its assets, liabilities, income, and expenses are consolidated, as the Group exercises full control over the subsidiary.

The Group's interest in joint ventures is consolidated using the proportionate consolidation method. Under this method, the Group includes its share of the joint ventures' assets, liabilities, income, and expenses on a line-by-line basis in the consolidated financial statements.

All intra-group balances and transactions between the Group, its subsidiary, and its joint ventures, including unrealized profits or losses arising from such transactions are eliminated to the extent of the Group's interest.

These financial statements are prepared by applying uniform accounting policies across the Group and its joint ventures.

Use of estimates:

The preparation and presentation of Financial Statements in conformity with the Indian GAAP, requires the management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of reporting period. Although these estimates are based on management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

Going Concern:

The company is normally viewed as a going concern, that is, as continuing in operation for the foreseeable future. It is assumed that the enterprise has neither the intention nor the necessity of liquidation or of curtailing materially the scale of the operations.

Revenue recognition:

a) Sale of Goods

Revenue from sale of goods is recognized when the Company has transferred to the buyer the property in the goods for a price or all significant risks and rewards of ownership have been transferred to the buyer and the Company retains no effective control of the goods transferred to a degree usually associated with ownership; and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of the goods.

b) Sale of services:

Revenue from service transactions is usually recognised as the service is performed by the proportionate completion method. The revenue recognised under this method would be determined on the basis of contract value, associated costs, number of acts or other suitable basis. For practical purposes, when services are provided by an indeterminate number of acts over a specific period of time, revenue is recognised on a straight line basis over the specific period. Such performance should be regarded as being achieved when no significant uncertainty exists regarding the amount of the consideration that will be derived from rendering the service.

(i) Deferred revenue - Deferred revenue represents amounts received or invoiced in advance from the customers. These amounts are recorded as a contract liability until the corresponding services are rendered. The Company assesses its performance obligations under each contract to determine the appropriate timing of revenue recognition. Revenue is subsequently recognized when the billed services is transferred to the customer, which may occur over time or at a point in time, depending on the nature of the arrangement.

c) Other Income

Revenue arising from the use by others of enterprise resources yielding interest, royalties and dividends should only be recognised when no significant uncertainty as to measurability or collectability exists. These revenues are recognised on the following bases:

(i) Interest : on a time proportion basis taking into account the amount outstanding and the rate applicable.

Property Plant and Equipment including Intangible assets:

Property Plant and Equipment's are stated at cost, less accumulated depreciation. Cost includes cost of acquisition including material cost, freight, installation cost, duties and taxes, and other incidental expenses, incurred up to the installation stage, related to such acquisition. Intangible assets that are acquired by the Company are measured initially at cost. After initial recognition, an intangible asset is carried at its cost less any accumulated amortisation and any accumulated impairment loss.

Depreciation & Amortisation:

The Company has applied the estimated useful lives as specified in Schedule II of the Companies Act 2013 and calculated the depreciation as per the Written Down Value (WDV) method. Depreciation on new assets acquired during the year is provided at the rates applicable from the date of acquisition to the end of the financial year. In respect of the assets sold during the year, depreciation is provided from the beginning of the year till the date of its disposal.

Useful life of Property, Plant and Equipment's

Category	Useful life
Plant And Machinery	15 years
Furniture and Fittings	10 Years
Office Equipment	5 Years
Computer and Equipment	3 Years
Electrical Equipment	10 Years

Impairment of assets:

The Management periodically assesses using, external and internal sources, whether there is an indication that an asset may be impaired. An impairment loss is recognised wherever the carrying value of an asset exceeds its recoverable amount. The recoverable amount is higher of the asset's net selling price and value in use, which means the present value of future cash flows expected to arise from the continuing use of the asset and its eventual disposal. Reversal of impairment loss is recognised immediately as income in the profit and loss account.The reversal is restricted to the carrying amount that the asset would have had if no impairment loss had ever been recognized, after considering normal depreciation/amortisation.

Investments

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

Foreign currency transactions:

As the Company did not undertake any foreign currency transactions during the year, the provisions relating to initial recognition, measurement, and treatment of foreign exchange differences under the applicable accounting standards have not been invoked.

Borrowing Costs

Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. All other borrowing costs are charged to the Statement of Profit and Loss for the period for which they are incurred.

Inventories:

Inventories, includes Work-in-Progress, are valued at lower of cost and net realizable value.

Work-in-Progress - cost includes cost of direct material, labour, other direct cost (Including variable costs) and a proportion of fixed manufacturing overheads allocated based on the normal operating capacity but excluding borrowing costs. Cost is determined on weighted average cost basis.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated cost of completion and the estimated costs necessary to make the sale.

Adequate allowance is made for obsolete and slow-moving items.

Segment reporting:

The segment reporting is not applicable as per AS 17

Cash and Cash Equivalents:

Cash and cash equivalents comprise cash on hand and Cheque in hand, balance with bank, demand deposits with banks and other short term highly liquid investments that are readily convertible to known amounts of cash & which are subject to an insignificant risk of changes in value where it has a short maturity of three months or less from the date of acquisition.

Employee Benefits:

A. Short - term employee benefits:

Leave encashment:

The leave encashment liability upon retirement would not arise as the accumulated leave is reimbursed every year and accounted at actual.

B. Post-Employment benefits:

Defined benefit plan:

Gratuity liability is a defined benefit obligation and is unfunded. The Company accounts for liability for future gratuity benefits based on the actuarial valuation using Projected Unit Credit Method carried out as at the end of each financial year.

Defined contribution Plan:

Provident Fund: Eligible employees receive benefit from provident fund covered under the Provident Fund Act. Both the employee and the company make monthly contributions. The employer contribution is charged off to Profit & Loss Account as an expense.

Taxes on Income:

Income Tax expense is accounted for in accordance with AS-22 "Accounting for Taxes on Income" for both Current Tax and Deferred Tax stated below:

A. Current Tax:

Provision for current tax is made in accordance with the provisions of the Income Tax Act, 1961.

B. Deferred Tax:

Deferred tax is recognised, subject to the consideration of prudence, as the tax effect of timing difference between the taxable income and accounting income computed for the current accounting year using the tax rates and tax laws that have been enacted or substantially enacted by the balance sheet date.

Deferred tax assets are recognised and carried forward to the extent that there is a reasonable certainty, except arising from unabsorbed depreciation and carried forward losses, that sufficient future taxable income will be available against which such deferred tax assets can be realised.

Provisions and Contingent Liabilities:

A provision is recognised if, as a result of past event, the Company has a present legal obligation that can be estimated reliably and it is probable that an outflow of economic benefit will be required to settle the obligation. Provisions are determined by the best estimate of outflow of economic benefits required to settle the obligation at the reporting date. Where no reliable estimate can be made, a disclosure is made as contingent liability. A disclosure for a contingent liability is also made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is possible obligation or present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

L.U.KRISHNAN & CO. Chartered Accountants

COREA ENGINEERS LIMITED

Earnings Per Share:

Basic Earnings per share is computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing the net profit after tax by the weighted average number of shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The diluted potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value which is the average market value of the outstanding shares. Dilutive potential equity shares are deemed converted as at the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

Cash Flow Statement:

Cash flows are reported using indirect method, whereby net profit/loss before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

The Company's cash and cash equivalents consist of cash on hand and in banks and demand deposits with banks, which can be withdrawn at any time, without prior notice or penalty on the principal. For the purposes of the statement of cash flows, cash and cash equivalents include cash on hand, in banks and demand deposits with banks, net of outstanding bank overdrafts that are repayable on demand and are considered part of the Company's cash management system. In the balance sheet, bank overdrafts are presented under borrowings within current liabilities.

Terms/ rights attached to Equity Shares

The company has one class of equity shares having a par value of Rs. 10 each. Each shareholder is eligible for one vote per share held. The dividend proposed (if any) by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting, except in case of interim dividend. In the event of liquidation, the equity shareholders are eligible to receive the remaining assets of the Company after distribution of all preferential amounts, in proportion to their shareholding.

Aggregate number of shares, bonus shares issued, shares issued for consideration other than cash and shares brought back during the period of five years immediately preceding the reporting date:

The company has issued 1,18,31,076 equity shares of Rs.10 each in the form of bonus to its existing share holders in a ratio of 4:1 by the resolution passed by the members in the extraordinary general meeting held on 29th December 2025.

The Company has increased its authorized share capital to 2,50,00,000 shares of Rs. 10 each vide the resolution passed in the board meeting held on 09th October 2025.

During the Financial Year 2024-25, the Company made a private placement of shares of face value Rs.10 each at a premium of Rs.526 each, pursuant to resolutions passed at the Board Meetings held on October 25, 2024 (19,000 shares), October 30, 2024 (1,04,503 shares), November 05, 2024 (11,000 shares), November 28, 2024 (21,266 shares) and January 07, 2025 (2,000 shares), aggregating to 1,57,769 shares

Employee Benefit (Incurred in India):

A. Provident Fund - The Company has contributed Rs.0.00 Lakhs for the quarter ended June 2026, Rs.32.20 Lakhs for the year ended March 2026, Rs.21.18 Lakhs for the year ended March 2025 and Rs. 8.93 Lakhs for the year ended march 2024 towards the Employees Provident Fund.

B. Gratuity - The Present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method. This method considers each period of service as giving rise to an additional unit of benefit entitlement and measures each unit separately to build up the final obligation.

Interest cost: It is the increase in the Plan liability over the accounting period resulting from the operation of the actuarial assumption of the interest rate.

Current Service Cost: is the discounted present value of the benefits from the Plan's benefit formula attributable to the services rendered by employees during the accounting period.

Actuarial Gain or Loss: occurs when the experience of the Plan differs from that anticipated from the actuarial assumptions. It could also occur due to changes made in the actuarial assumptions.

Gratuity

Weighted Average Number of Equity Shares at the end of the Year / Period considering bonus impact (F)	1,47,88,845	1,47,88,845	1,46,99,371	1,46,31,076
(Post bonus after restate period with retrospective effect)				
Earnings Per Share as restated				
Basic (A/E)	4.17	8.36	13.28	10.31
Diluted (A/E)	4.17	8.36	13.28	10.31
Earnings Per Share as restated after considering bonus impact with retrospective effect				
Basic (A/F)	4.17	8.36	2.59	1.97
Diluted (A/F)	4.17	8.36	2.59	1.97
Net Asset Value Per Share as restated (Rs) (B/C)	25.18	21.01	63.22	22.98
Net Asset Value Per Share as restated after considering bonus impact with retrospective effect (B/D)	25.18	21.01	12.64	4.40

Note:

* The finance cost disclosed in the statement of profit and loss consists of interest expense and other borrowing costs, but for EBITDA purposes, only the interest expense is considered.

EBITDA Margin = EBITDA / Total Revenues

Net worth = Paid up share capital plus reserves and surplus less miscellaneous expenditure to the extent not written off

Earnings per share (₹) = Profit available to equity shareholders / Weighted No. of shares outstanding at the end of the year

Return on Net worth (%) = Restated Profit after taxation / Net worth × 100

Net asset value / Book value per share (₹) = Net worth / No. of equity shares

The Company does not have any revaluation reserves or extra-ordinary items.

As per Accounting Standard 20 (AS - 20), in case of a bonus issue or a share split, equity shares are issued to existing shareholders for no additional consideration. Therefore, the number of equity shares outstanding is increased without an increase in reserves. The number of equity shares outstanding before the event is adjusted for the proportionate change in the number of equity shares outstanding as if the event had occurred at the beginning of the earliest period reported.

S.No	Ratios	March 31, 2025 Consolidated	March 31, 2024 Consolidated	% Variance	Reason for Variation
a.	**Current Ratio** Current Assets / Current liabilities (Current Assets-Current Investments, Inventories, Trade Receivables, Cash and Bank Balances, Short Term Loans and Advances, Other Current Assets Current Liabilities-Short Term Borrowings, Trade Payables, Other Current Liabilities, Short term Provisions)	1.40	1.27	10.66%	
b.	**Debt-Equity Ratio** Total Debt / Shareholder's Equity (Total Debt-Long Term Debt + Short Term Debt Shareholder's Equity-Share Capital, Reserves and Surplus)	0.99	2.60	(61.83%)	The decrease is primarily due to an increase in shareholders' equity
c.	**Debt Service Coverage Ratio** Earnings available for debt service / Debt Service (Earnings available for debt service-Net Profit before taxes + Non-cash operating expenses like depreciation and other amortizations + Interest + other adjustments like loss on sale of Fixed assets etc., Debt Service-Interest & Lease Payments + Principal Repayments)	4.05	5.31	(23.72%)	
d.	**Return on Equity Ratio** (Net Profit After Taxes - Preference Dividend if any) / Average Shareholder's Equity Average Shareholder's Equity-(Opening Share Capital+Opening Reserves and Surplus+Closing Share Capital+Closing Reserves and Surplus)/2	30.31%	57.81%	(47.58%)	The decrease is primarily due to an increase in shareholders' equity
e.	**Inventory Turnover Ratio** Cost of Services / Average Inventory Cost of services - Cost of materials consumed + Other direct expenses + Changes in Inventories of Work-in-Progress. Average Inventory-(Opening Inventory+Closing Inventory)/2	1.71	3.97	(56.98%)	The decrease is primarily due to an increase in efficiency in utilizing or managing its inventory
f.	**Trade Receivables Turnover Ratio** Net Credit Sales / Average Trade Receivables Net Credit Sales -Gross Credit Sales - Sales Return Average Tarde Receivables-(Opening Trade Receivables + Closing Trade Receivables)/2	1.56	6.85	(77.23%)	The decrease is due to delay in realization of trade receivables
g.	**Trade Payable Turnover Ratio** Cost of Services / Average Trade Payables Cost of services - Cost of materials consumed + Other direct expenses + Changes in Inventories of Work-in-Progress. Average Trade Payables-(Opening Trade Payables + Closing Trade Payables)/2	3.88	8.13	(52.24%)	The decrease is due to due to accelerated payments to suppliers and a decline in purchase level
h.	**Net Capital Turnover Ratio** Net Sales / Average Working Capital Net Sales-Total Sales-Sales Return Average Working Capital-((Opening Current Assets - Opening Current Liabilities)+(Closing Current Assets - Closing Current Liabilities))/2	2.76	6.86	(59.79%)	The decrease is primarily due to reduction in the efficiency of working capital usage during the current year.
i.	**Net Profit Ratio** Net Profit / Net Sales Net Profit- Profit after tax Net Sales-Total Sales-Sales Return	0.11	0.09	29.26%	The increase is due to enhanced profitability margins.
j.	**Return on Capital Employed *** (Earning before interest and taxes / Average Capital Employed) * 100 Earning before interest and taxes-Profit before Taxes + Interest Average Capital Employed- (Closing Tangible Net Worth + Closing Total Debt + Closing Deferred Tax Liability+ OpeningTangible Net Worth + OpeningTotal Debt + OpeningDeferred Tax Liability)/2	23.59%	32.71%	(27.87%)	The decrease is due to lower utilization of capital employed to generate returns.
