Note:

(1) The average project duration (in months) represents the average time taken for completion of projects executed during the respective year. Variations across the years are primarily attributable to differences in the size, scope and complexity of projects undertaken. Prior to Fiscal 2024, the Company predominantly executed projects with contract values below ₹5 crore, while from Fiscal 2024 onwards the Company has undertaken relatively larger projects exceeding ₹5 crore, which typically require longer execution timelines.

(2) RKM (Route Kilometer) refers to the total length of a railway route and TKM (Track Kilometer) refers to the total length of all tracks laid.

(3) Traction Sub-Station (132 kV / 27 kV) an electrical installation that receives high-voltage power from the grid at 132 kV and steps it down to approximately 27 kV for supply to the 25 kV AC overhead railway electrification system.

(4) MLD (Million Liters per Day) denotes the capacity of water or sewage treatment systems used in railway infrastructure.

(5) RMU (Ring Main Unit) is a compact medium-voltage switchgear used in ring-type power distribution networks, and VCB (Vacuum Circuit Breaker) is a breaker that extinguishes electrical arcs within a vacuum.

(6) PLC (Programmable Logic Controller) is an industrial control computer that automates machines and processes. RTU (Remote Terminal Unit) collects data from remote sites and transmits it to a control center. HMI (Human Machine Interface) is the screen or interface through which operators monitor and control systems.

RESOLVED FURTHER THAT In evaluating our business, we consider and use certain KPIs, as presented above, as a supplemental measure to review and assess our financial and operating performance. The presentation of these KPIs is not intended to be considered in isolation or as a substitute for the Financial Information. We use these KPIs to evaluate our performance. Some of these KPIs are not defined under applicable Accounting Standards and are not presented in accordance with applicable Accounting Standards. These KPIs have limitations as analytical tools. Further, these KPIs may differ from the similar information used by other companies and hence their comparability may be limited. Although these KPIs are not a measure of performance calculated in accordance with applicable accounting standards, our Company's management believes that it provides an additional tool for investors to use in evaluating our ongoing results, when taken collectively with financial measures prepared in accordance with applicable Accounting Standards.

RESOLVED FURTHER THAT the Audit Committee of the Issuer Company verified that there are listed peers available considering our size and area of operations.

RESOLVED FURTHER THAT any of the directors of the Company is authorised to disclose all the KPIs included in this section on a periodic basis."
